Accessing WebMail

September 2, 2010 8:30 pm admin

How to Access Webmail

- 1) Open a Web Browser such as: Internet Explorer, Firefox, Safari, Chrome, etc...
- 2) In the Address Bar enter in the following:
<https://mail.YourDomain.com> For Example:
 - i. If your email address is john@smith.net you would enter <https://mail.smith.net>
- 3) A security Window will appear, select **Continue to this website**
- 4) At the Login Screen fill out **Username:** with your **Full E-mail address**. Enter your **Password:** and then click **Login**
